Wahl-Eversharp

EQUI-POISED *Pens and Pencils* characterize the "ultra-modern" in writing instrument design. These *Personal-Point Pens* with the Interchangeable Nib feature are the *last word in style*; designed to fill a twentieth century public demand. The *Equi-Poised* pen is the only pen of this style that can be selected for color and at the same time be fitted with the EVERSHARP Interchangeable Nib. A point for any hand—fitted instantly to any holder.

Added to the distinct style of the *Equi-Poised Personal-Point Pen*, is the unusual choice of colors. Bronze-Green (a WAHL-EVERSHARP creation) has already won the stamp of public approval. In addition, these popular numbers can be had in Black and Pearl, Jade Green, and Jet Black. All of these materials are *Pyralin*—practically indestructible.

The EVERSHARPS to match these pens need no introduction. Years of successful performance for the writing world has made it possible for us to offer this unusual line of pencils as companions for the pens justly called "*Equi-Poised*" (equally balanced).
